& Picture Messaging Quick Reference Guide

Text Messaging

Your Bell Mobility cellphone is set up to take advantage of our **Text Messaging** service. It is quick, convenient and easy to use, especially for times when you need to get a message to someone and calling isn't an option.

Text Messaging service keeps you in touch for only **10¢ per message** sent and free to receive! Plus, save with no long distance charges on messages you exchange in Canada and send to the United States and internationally for 20 cents a message and free to receive.

Texting Made Easy with Rapid Entry (T9)

The T9 function on your cellphone saves you from having to press your mobile keys repeatedly in order to get the letter that you want. Instead, you just press the key once and then go on to the next letter.

For example: try typing 43556 when in T9 mode, you should get the word "Hello".

Hint: if the correct word that you want doesn't come up, hit to scroll through other words that have the same number combination.
